AUGUSTA, Ga. (March 27, 2020) – After much consideration and based on the latest guidance from the Centers for Disease Control and Prevention (CDC), Paceline Ride leadership has made the difficult decision to postpone Paceline Ride weekend scheduled for May 29-30.

“Ultimately, the health and well-being of everyone associated with this event - our riders, volunteers, supporters and our local community - led us to this decision,” said Martyn Jones, president of Paceline Ride. “We seek your understanding of this decision and know you share our concern given these trying times. The new ride weekend dates will be determined by working through the CDC’s guidelines as the coronavirus pandemic draws to a close later this year.”

Paceline is a year-round movement of communities and organizations interacting towards a common goal, to cure cancer faster.

“Cancer remains the second leading cause of death for both men and women in the U.S. With your support, we remain united in our mission and will continue to fund life-changing research for people affected by cancer both in Georgia and further afield,” Jones said.

At this time, Paceline encourages everyone to continue a healthy lifestyle and be safe by practicing the CDC recommendations and guidelines.

###

Paceline is more than a ride. It's a community event based in Augusta, Georgia, where 100% of all fundraising goes to fund critical research and survivorship at the Georgia Cancer Center. Fundraising is a year-long effort, culminating in a celebration and bike ride.

Fundraising efforts occur year-round, and 100% of all funds raised go to fund critical research and survivorship at the [Georgia Cancer Center](#) at Augusta University. Fundraising does not stop

after Ride Weekend. Riders and Virtual Riders have until 60 days after the event to meet their fundraising goals.

Together, we can cure cancer faster.
